

Year 10 Geography Extension Homework Tasks

Term 1: Urban Issues and Challenges

Visit the following websites:

http://www.bbc.co.uk/schools/gcsebitesize/geography/urban_environments/urbanisation_medcs_rev1.shtml

<http://www.coolgeography.co.uk/GCSE/Year%2010/ManagingHuman/Rio/Rio.htm>

<http://bristolurban.org.uk/>

1. Create a mind map Rio- background, issues, solutions, slum management
2. Create a mind map on Bristol- Look at background, how they have developed, positives and negatives of this development.

Term 2: Weather Hazards (Tropical storms and Extreme weather in the UK)

Visit the following websites:

http://www.bbc.co.uk/schools/gcsebitesize/geography/weather_climate/extreme_weather_rev1.shtml

<http://www.metoffice.gov.uk/weather/tropicalcyclone/facts>

http://www.coolgeography.co.uk/GCSE/Year11/Managing%20Hazards/Tropical%20storms/tropical_storms.htm

1. Create a booklet showing a variety of different extreme weather events that have happened in the UK. Include pictures, facts, how the event happened and impacts.
2. Create a case study page on a tropical storm that has occurred in an MEDC- compare to Typhoon Haiyan.

Term 2: Changing Economic World

Visit the following websites:

http://www.bbc.co.uk/schools/gcsebitesize/geography/development/contrasts_development_rev1.shtml

<https://www.youtube.com/watch?v=dKeXddkHj18>

<https://www.henley.ac.uk/files/pdf/research/research-centres/henley-forum/Hamish-McRae.pdf>

1. Create a mind map looking at development, include: wealth, health, migration, development gap, aid, technology, fair trade and tourism.
2. Compare the UK to Nigeria. Create a booklet looking at their similarities and differences and consider how the UK could help Nigeria.

Term 3: The Living World (Ecosystems and Tropical Rainforests)

Visit the following websites:

<http://www.bbc.co.uk/schools/gcsebitesize/geography/ecosystems/>

<http://www.sln.org.uk/geography/schools/blythebridge/GCSEcosystemTropicalRF.htm>

http://www.coolgeography.co.uk/GCSE/Year11/Weather,Climate/Tropical%20Rainforest/adaptations_of_tropical.htm

1. Research the Amazon rainforest and create a case study page looking at what the area is like, what is it used for and how it is being managed.
2. Create a booklet looking at different ecosystems around the world- split it into the different continents.
